- Port & Starboard Bench Seats w/Backrests midship
- Console Seat w/backrest (1 person)
- Custom Leaning Post w/backrest, Rod-holders or cup-holders (2 person)
- Built In Transom Bench Seat (3 person)
- All Fabric High Grade UV Protected Vinyl

NAVIGATION/ELECTRONICS

- International Running Lights
- Compass
- Livorsi Instrumentation – Speedometer, Tachometer, Volt Meter, Fuel Gauge, Water Temp
- Waterproof DC Breaker Panel

HARDWARE

- Dual Automatic Bilge Pumps
- 2 Optima Batteries w/ Switch
- 3rd House Battery with Verado Motor (Opt w/Optimax)
- Dual Water fuel Separator
- Hydraulic Steering
- Stainless Steel Pull-Up Cleats (5)
- Electric Horn
- Swim Platform Engine Bracket White Powder Coated with Zinc Plates for Galvanic Protection
- Swim Platform Powder Coated Folding Ladder
- Aluminum Powder Coated Bow Rails, Grab Rails & Helm Seat Base
- White or Black Powder Coat Standard (additional colors available optional)
- Stainless Steel Fuel & Water Fillers
- Through-bolt Stainless Steel Hardware
- Stainless or Copper Through-hull fittings below the waterline

Every Concept boat offers a variety of options the assembly line companies would be hard to match. We have worked long & hard to deliver you the best boat you can buy dollar for dollar, and from bow to stern the highest standards of quality wood free construction. We do not own a chopper gun to blow fiberglass because we hand lay all our boats; all coring including the transom and stringer system is high density composite cell encapsulated in Fiberglass. We fiberglass and chemically bond our hull and deck together with methacrylate (fuses the fiberglass together). All hardware is stainless & installed with reinforced backing. Rigging is perfectly detailed and engineered for easy access. We back up our product with a lifetime warranty to the first owner and 10 year limited transferrable. All our models meet US Coastguard, NMMA and Euro CE Certification.

OPTIONAL FEATURES

OPTIONAL COCKPIT & TOP

- Bimini Top
- Radar Arch Tube w/ Bimini
- Ski eye on Arch
- T-Top
- Overhead Electronic Box

- Graphics Cabin Deck
- Graphic Engine Bracket

Concept

The 36' deep V 24 degree dead-rise hull bottom slices the water like a sharp knife. This model has an unshakable reputation for the ability to handle rough water, getting you to your destination safely and smoothly, a ride that will exceed your expectations. The 36' is defined much more than top speed capability and soft ride; it's functional layout and timeless design will serve you well. Form follows function, ample seating for 8 persons comfortably is provided standard; however, Concept also offers many options in seating to customize your individual needs, from L-shape lounges for entertaining to live-well seats for the fisherman, or electric bolsters for the more performance oriented. Concept is the ultimate utilitarian boat for today's discriminating client. For family cruising or getting to the fish first, we welcome personal input to refine every detail to fit our clients boating needs.

Concept

All Concepts use outboard engines. The external bracket on our 36' allows a spacious swim platform area and ladder for easy entry. Outboard power today is 30 to 40% better fuel economy, quiet, no corrosion issues and allows for shallow water travel, getting to places others cannot go. Our head is in the cabin and not in the console to minimize console size providing a spacious deck with lots of room to move for topside activities.

Concept's goal is to provide you with a delightful boating experience. For fishing, diving or entertaining, Concept is unparalleled in combining a performance sport boat with the ease and maintenance of an outboard fishing boat. With 125 graphic designs for you to choose from, it all adds up to a sleek, fuel-efficient, family-friendly boat.
